Tri-Cities Soccer partners with Lil' Kickers Program

September 6, 2010 – St. Charles, IL - Tri-Cities Soccer is pleased to announce a new partnership with the Lil' Kickers program of St Charles which is operated locally by Soccer Success, Inc. Lil' Kickers is a nationally recognized child developmental program which uses soccer to help a child build strong fundamental physical skills, teamwork and confidence. The addition is a natural extension to Tri-Cities Soccer's legendary recreational program which offers leagues and training to over 3000 players for all ages - five years and older.

"We are delighted to partner with another well known soccer organization which has a clear focus on child development," said Jeff Durocher, Director of PR with Tri-Cities Soccer. "Many of our families have children in multiple age groups so this will give them an easy way to transition from one great program to another. By partnering with Lil' Kickers we are providing them with an opportunity to start their children in soccer from the age of 18 months".

Tri-Cities Soccer has been offering recreational leagues and training in the area for over 30 years. The goal is always to provide children with a positive learning experience and a healthy introduction to the game of soccer. Tri-Cities Soccer partners closely with local park districts to offer a full range of programs from beginners (Recreational) to parent coached travel (TCSA Travel) to the highly competitive premier level (TCSA Premier). By offering three levels of play, children can advance at their own pace and interest level and have the ability to select the option best suited to them whether it be to play soccer full time or enjoy it with friends or along with other sports.

"This partnership gives Fox Valley families a great way to introduce their children to soccer at a very early age." Says Simon Brinklow - Vice President of Soccer Success, Inc. "Lil' Kickers has a tested curriculum and a clear focus on child development beginning at 18 months of age. We are delighted to work with Tri-Cities Soccer, who is one of the leading soccer programs in the State on Illinois. Lil' Kickers is the leading Child Development program in the area so the partnership is a very exciting one"
